EXPERIENCE

MAY 2022 – PRESENT

SELF-LEARNING

Currently investing heavily in online resources such as Udemy and Coursera. Completed quite a number of advanced development courses and built amazing projects with my knowledge. Please check out my **PORTFOLIO HERE.**

MARCH 2023 – MAY 2023

SOFTWARE DEVELOPER INTERN, SINET TECHNOLOGIES (SECONDED TO OANDO PLC)

- Developed numerous APIs, gaining hands-on experience in building robust and efficient server-side endpoints.
- Explored and utilized MongoDB in web applications, becoming proficient in leveraging its powerful features and utilizing handy MongoDB methods.
- Mastered Node.js and Express.js, developing secure and robust backends for web applications.
- Implemented JWT (JSON Web Tokens) in my projects, gaining a solid understanding of authentication and security mechanisms in web applications.
- Developed and deployed a responsive full-stack web application using React with TypeScript for the frontend and Node.js, Express.js, and MongoDB for the backend.
- Worked extensively with templating using EJS, enhancing my knowledge of dynamic content generation and rendering.
- Acquainted with cloud services, including both on-premises and cloud environments, and gained knowledge of deploying and managing applications in these environments.
- Learned about data privacy practices and considerations, ensuring compliance with data protection regulations and implementing appropriate security measures.

SEP 2021 – OCT 2021

SUPPORT TECHNICIAN ASSISTANT, JETCOM

Contributed to the process of troubleshooting and diagnosing computer hardware and software issues and assisting customers with IT-related problems.

EDUCATION

GRADUATION DATE: MAR 2024 (EXPECTED)

BACHELOR OF ENGINEERING (COMPUTER ENGINEERING), FEDERAL UNIVERSITY OF TECHNOLOGY, AKURE.

Relevant Coursework: Introduction to Software Engineering, Computer architecture and organization, Data Structures, Algorithms, Telecommunication principles, Assembly language programming, Control system theory, Cryptography techniques, Engineering mathematics.

JAN 2012 – JULY 2017
WEST AFRICA SENIOR SCHOOL CERTIFICATE, FEDERAL GOVERNMENT ACADEMY, SULEJA, NIGER STATE (CENTER FOR THE GIFTED & TALENTED)

SKILLS / TECHNOLOGIES / LANGUAGES

- Front-End Development, Back-End Development, Responsive Web Design, Agile Development, Software Architectures and Patterns.
- Node, Express, MongoDB, Serverless, Cloud Solutions.
- React, TypeScript, JavaScript (ES6), Git, GitHub, CSS, Styled-Components, HTML5, Tailwind, SASS, Bootstrap.
- Declarative, Procedural, Object-Oriented, Functional Programming.
- Python, Assembly language.

CERTIFICATIONS

- Web Development with HTML, CSS, JavaScript Essentials

- Web Design for Everybody (SPECIALIZATION)

- Introduction to Cloud Computing

- JavaScript Algorithms and Data Structures

- JavaScript Tutorial and Projects Course

- Data Privacy Training

- Front-End Web UI Frameworks and Tools: Bootstrap 4

- Data Analysis Using Python

- Computational Thinking for Problem Solving

- Introduction to Python Programming

- HTML, CSS, and JavaScript for Web Developers
